Dr Pranay Patel Specialist Prosthodontist

Pranay graduated from Cardiff University (BDS) in 2010. He has worked in the Oral and Maxillofacial Unit of Northwick Park Hospital in Harrow. During his time as a general practitioner, he attained his Diploma of the Membership of the Joint Dental Faculties at the Royal College of Surgeons, England. He developed a keen interest in Prosthodontics and completed his extensive four-year prosthodontic specialist training at Guy's Hospital in London.

Pranay regularly attends national and international conferences in fixed and removable prosthodontics, thus keeping up to date with the most recent advancements. He is passionate about all aspects of prosthodontics from crown and bridgework to dentures, tooth wear and implant restorations. He is committed to providing excellent quality prosthodontic treatment that patients can be proud of.

Dr Rajiv Patel Implant Surgeon & Specialist Periodontist

Dr Patel is a GDC registered specialist in Periodontics. He graduated from the University of Bristol in 2004. Following periods working as a Senior House Officer in Dental Public Health, Oral and Maxillo-facial Surgery and Restorative Dentistry, he gained the Membership of the Faculty of Dental Surgery of the Royal College of Surgeons of England.

Soon after this, he embarked upon four years of specialist training in the field of Periodontics at Guy's Hospital which includes extensive training and experience within the field of dental implantology. As part of his specialist training, he also completed a Master of Clinical Dentistry degree in Periodontics at Kings College, London whilst also attaining the Membership in Periodontics from the Royal College of Surgeons of Edinburgh. This training enables him to offer a range of treatments to manage periodontal diseases, with an understanding of the complex restorative problems such patients may have.

As well as working in our specialist practice, Rajiv also taught other dentists at the Eastman CPD centre. He has lectured nationally and is a member of the British Society of Periodontology's Faculty. Membership of the Faculty is a mark of esteem within the UK periodontal community. Its aim is to provide an expert group of educators who are formally recognised as capable of delivering high quality, evidence-based educational lectures and seminars in periodontology and implant dentistry.
